

JACKSONVILLE, FLORIDA, WEDNESDAY, OCTOBER 31, 1906.

INDIANS READY  
TO GIVE BATTLEUTES WOULD RATHER  
FIGHT THAN STARVEChief Says His People Object to  
being Taken Back to Utah—  
Troops Preparing to Close in  
on Redskins.

Sheridan, Wyo., Oct. 30.—Luther Dunning, a ranchman living on Otter Creek, has just arrived from the Indian camp, where he met and talked with Chief Kammah, who says his people are prepared to fight before they will be taken back to Utah to starve. When Dunning visited the camp the Indians were on Bear Creek. This is the latest reliable information concerning the location of the Utes, and at that time they were seventy miles from Sheridan, and making westward to Tongue river. It is figured that the Indians, at the rate they are traveling, will encounter troops some time Thursday.

UTES INTRENCHED.  
Billings, Mont., Oct. 30.—A telephone message from Arvada, Wyo., this afternoon stated that renegade Utes are intrenched in a strong position in the hills adjacent to Arvada, and that the Tenth and Sixth cavalry troops are reconnoitering preparatory to closing in on the Redskins. Apparently the object of the troops is to overcome the Indians with a display of superior force and thus secure their surrender without bloodshed. The Utes are determined not to give in until they have to. The Indians have been living in a large supply of ammunition and provisions and if the temper of the leading tribesmen may be taken as an indication, they propose to fight, or to at least make a show of resistance.

To night camp fires of the Indians are blazing brightly and the only evidence of life is the occasional flitting of the shadow of some warrior by the fire. The Utes are not painted, nor are they dancing. Moorhead advises state a panic is on there and women and children are being removed. Ranches are being converted into fortresses and every precaution taken to meet the Indians if they come that way.

MOVEMENT OF TROOPS.  
Sheridan, Wyo., Oct. 30.—A hurried change in the disposition of troops of the Tenth cavalry under Colonel Angure disclosed the real danger now lies in the anticipated junction of Cheyennes with the Utes. A portion of Angure's command was hurried to Sheridan, where supply wagons were started northward. From C. C. Rousculp, a guide, it is learned the troops under Angure, reinforced by two additional companies from Fort Mackensie, will proceed to morning to Ashland, eighty miles north of Sheridan, to meet troops coming overland from Ft. Keogh. The troops from Fort Keogh should arrive at Ashland to morning night, but Angure cannot arrive there before Thursday night. Rousculp was with Crook in 1885 and knows the Cheyennes well. He says there are between 700 and 800 warriors in the tribe, and that they are the best armed Indians in the west.

## EXAMINING JURORS

Bank Official Discharged For  
Changing Assessment Roll.

San Francisco, Cal., Oct. 30.—The examination into the qualifications of men called to serve as grand jurors continued to day before Supreme Judge Graham. C. B. Daniels, assistant cashier of the Bank of California, in response to questions, stated he had to day gone to the office of the tax collector and made a change on the assessment roll by adding his own name to it. He admitted he had done this so that he might be qualified to act as a grand juror. Upon making these statements he was challenged both by the court and Assistant District Attorney Heney, and was discharged.

## TRIAL OF NEGROES.

Atlanta, Ga., Oct. 30.—A special term of court has been ordered to begin to-morrow for the trial of forty negroes, charged with the murder of Policeman James Heard, during the September riots in Atlanta.

The jury in the case against George W. Blackstock, charged with assault with intent to murder a woman, returned a verdict of guilty to day. Sentence was deferred. Blackstock was declared to be the leader of the mob on Sept. 22, when several innocent negroes were killed.

San Francisco, Cal., Oct. 30.—President Altman and other members of the board of education are busily engaged in preparing data to be presented to Secretary Metcalf of the department of commerce and labor, relative to separation of white and Japanese children in the public schools. Altman and others will meet Metcalf upon his arrival and be prepared to point out to him just why the board of education could not legally permit the Japanese to attend school with whites, and wherein the action of the board was in strict compliance with the state law.

## MORE DEAD BODIES

Additional Victims Recovered  
From Wrecked Electric  
Train at Atlantic  
City.

Atlantic City, N. J., Oct. 30.—The contention of Coroner Gaskill that a number of persons who lost their lives in the electric train wreck on the "Thoroughfare" bridge may be buried in the mud where the cars plunged, was borne out late to day when the bodies of Mrs. Paul Felsburg, Mrs. Selma Johnson and that of Mrs. Sarah Miller were recovered from under the third car. This car hung from the abutment in the center of the bridge with its nose in the mud, and when the workmen were trying to lift it from the water the bodies worked loose.

The finding of these bodies increased the number of identified dead to fifty-one and the total number of bodies recovered to fifty-four. Aside from the search for bodies interest now centers on the inquiry, which will be held by Coroner Gaskill Thursday morning. While he will not express an opinion before the inquiry as to the cause of the accident, it appears from his statement made this afternoon that he is confident the bridge on which the accident occurred is not as it should be, and may have to be rebuilt.

## WHITE SLAVE TRADE

Mrs. Smith of Kansas Tells of  
Difficulties of Rescue  
Workers

Hartford, Conn., Oct. 30.—"There are 10,000 young women in Chicago who are obliged to work for \$5 a week, and there are 5,000 saloons there, too," said Mrs. Lurinda B. Smith of Kansas, at the afternoon session of the national convention of the Women's Christian Temperance union, in presenting to the convention the difficulties with which rescue workers of the organization have to contend. Mrs. Smith made a spirited appeal for the efforts of delegates from all parts of the country to stop the white slave trade.

JAPANESE BUY AMERICAN LAND.  
Galveston, Texas, Oct. 30.—That the Japanese government has bought lands in Texas, Louisiana and California and proposes investing heavily in more American soil has been brought to light by a secret investigation.

A Japanese, who came to Texas presumably representing a number of his countrymen, has been identified as an agent for the Japanese government. He carried documents bearing the seal of the mikado and negotiated a \$200,000 land deal. It is learned that other Japanese, who claimed to be agents for wealthy Japs, actually served as the mikado's agents, and that practically every acre owned and leased by the Japanese in America is owned by Japan.

A recent arrival from Tokyo said he would settle the 5,000 acre tract with retired Japanese soldiers, he himself being a retired officer of the mikado's army.

## ANARCHISTS ARRESTED

New York, Oct. 30.—Emma Goldman and nine other persons were arrested at an anarchistic meeting to night. The police pushed their way through the crowd toward the speakers' stand and arrested Julius Edelson, who was speaking. As they did so there were shouts of: "Down with the police; kill the police; they are worse than Russian police." The other arrests followed quickly. Edelson was charged with inciting to riot and the others with disorderly conduct.

According to the police, Edelson in his speech declared, among other things: "No matter how much Czolgosz has been damned for his good work, we know he was a great man. He was a true hero. American laws are all made for bluffing. The people of America are worse bluffed than those of Russia."

## STRIKE BREAKERS QUIT

Newcastle, Pa., Oct. 30.—The greatest difficulty is being experienced by the Carnegie Steel company to keep the strike-breakers who are imported here to take the places of the striking furnace laborers. Almost as fast as the imported men learn that they are to take the places of strikers they refuse to work.

About seventy-five men have arrived, but many of them quit when they realized the conditions. The steel plant resumed last night after the usual Sunday shutdown. Both the Rainey and McKinley furnaces worked all Sunday, but little iron or steel is being made. The strike seems to have settled down to an endurance test.

## MRS. FOSTER TO INVESTIGATE

Washington, Oct. 30.—By direction of President Roosevelt, Mrs. J. Ellen Foster has been detailed from the department of justice to investigate the condition of women and child workers throughout the country. Legislation on this subject is pending before congress. Mrs. Foster went to the Philippines with the Taft party, and represented the United States government at the international Red Cross conference in St. Petersburg.

## INDEPENDENCE

## LEAGUE WINS

HAVE RIGHT TO NOMINATE  
BY PETITIONDecision Rendered by New York  
Court of Appeals—Heads of  
Ticket Tour Western Part of  
State.

Albany, N. Y., Oct. 30.—The court of appeals to night handed down a decision affirming the right of the Independence league of New York city to make nominations by multiple petitions. The court also decided that in judicial nominations the judicial certificate filed first had prior claim, and that the Independence league had a right to designate their own candidates.

The decisions were handed down at 11:35 to night, following the special session of court, which reconvened at 2:30 to day for the purpose of hearing appeals from the appellate division's order in the New York city nominations. As a result of the decision these candidates will be placed in the Independence league column on the official ballot.

Francis E. Shorher, Tammany candidate, Seventeenth congressional district, Charles V. Farmer, Tammany, Eighteenth congressional district.

Henry M. Goldfogle, Tammany, Ninth congressional district. Judge Otto Rosensky's name will also go into the Independence league column, together with the names of assemblymen and senatorial candidates.

The judicial nomination of John J. Brady, the court held, could not be placed in the Independence league column.

The court dismissed the appeals in other cases on the ground that questions of fact were involved which would have to be passed upon by the appellate division. Under ordinary circumstances these cases would be sent back to the appellate division for review, but this cannot be done for the reason that the latter court could not dispose of them in time to permit the printing of the official ballots.

The decision as to the six main cases is, in part, as follows:

"Six of the appeals before us are from orders of the appellate division, reversing on law only the decisions of a special term. The sole question involved in these appeals is whether, when certificates for independent nominations are required to be filed in the same office, any one of such certificates shall be held invalid because it is made for the nomination of more than one candidate, electors making it being qualified to make a certificate for nomination of all candidates mentioned therein.

"We find nothing in the statute which forbids nominating certificates of this character; nor does there seem to be any practical ground which would be fatal to their validity. This is in accordance with repeated decisions of this court and of the appellate division, that the election law should be construed liberally to give effect to the will of the people. These views lead to a reversal of the order of the appellate division in these cases and to affirmance of the order of the special term."

## THE CAMPAIGN.

New York, Oct. 30.—Snow fall or rain failed to dampen the enthusiasm of the thousands who turned out to day to hear and applaud the heads of the state ticket as they hurried through the western section of the state. To day's speeches were on familiar lines. Hughes promised a square deal for every citizen of the state if he is elected. Hearst roundly scolded the board of elections which decided against some of the league nominees, and pleaded for freedom from corporation control of office holders.

During the day the Republican headquarters was considerably stirred by the appearance of a Hearst campaign flyer, which showed the candidate's photograph and expressed views on public affairs, in parallel with the likeness and recent utterances of President Roosevelt. State chairman Woodruff later announced he would urge the chief executive to resent the inference that he and Hearst were in accord on certain matters. But at the white house to night nothing was forthcoming concerning the political situation in New York. It was stated, however, that Secretary Root, in a speech at Utica Thursday night, outlined the administration's views on local issues involved.

## SUICIDES BECAUSE OF BAD DREAM.

Joplin, Mo., Oct. 30.—Impressed with the idea that he had revealed the secret work of the Masonic fraternity in a dream and that he was marked for assassination through a vow taken in every Masonic lodge room in the world, J. C. Hudson committed suicide here yesterday morning by drinking carbolic acid and cutting his throat.

The first known of his hallucination was when he told it to the physician called to attend him. He declared that he had learned Masonic secrets, and this was known to members of that organization. Every member, he believed, had sworn to kill him, and only awaited a favorable opportunity. He had come to believe that the only escape from assassination was through suicide. Hudson was 38 years of age. He leaves a family.

## TAFT IN ILLINOIS

Secretary of War Delivers  
Speeches at Danville and De-  
catur to Large Crowds.

Danville, Ill., Oct. 30.—Secretary Taft spoke to an overflow audience in this city to night. The secretary arrived at 9 o'clock and left at 10 for Decatur, where he will speak to-morrow night. Secretary Taft urged the election of Speaker Cannon, discussed the anti-inflation bill, defined trusts and referred to remedies adopted by the Republican congress for their regulation; emphasized the necessity of electing a Republican congress to support the president in carrying out his policies, and said:

"Trusts are merely large business corporations that pursue methods that are illegal. The corporation is an artificial entity, and this element, this artificial entity, is one of the most valuable we have in building up the interests of this country, because it relieves the contributor, or from personal liability. But because they are valuable is no reason why their privileges should be abused. If they would treat the public fairly then they ought to divide the benefits of reduction in cost of production."

Secretary Taft said great corporations were liable to make out of rebates enough to pay large dividends on their capital stock and to crush out competitors that do not enjoy such rebates. Continuing, he said: "We ought to express the will of trusts without destroying the business. We have not got rid of all the evils; I am not saying so, but fear of the Lord has been put in the hearts of these violators, so now they do not defy law."

Decatur, Ill., Oct. 30.—Secretary Taft arrived here this afternoon and went at once to the Christian temple, which was well filled with waiting people. Secretary Taft was introduced by Congressman McKinley and spoke for half an hour. The secretary left Decatur for Mendota and Champaign and thence to Danville.

## RUSSIAN NEWS

Manifesto Anniversary Passes  
Quietly.

St. Petersburg, Oct. 30.—The first anniversary of the proclamation of a manifesto giving a constitution to Russia passed in undisturbed quiet. Disorder and bloodshed were avoided. The workmen of St. Petersburg, always the most numerous element in any disturbance, complied absolutely with the orders of the labor organizations and abstained from any celebration or demonstration. The Pullman iron works employees complied as usual in obedience to orders from labor headquarters. These works are the heart of the labor movement.

Several bands of the "Black Hundred," armed with staves, paraded the remote streets, but there were no collisions with them nor have there been any collisions between workmen and police.

It was reported to day that the soldier named Vlasoff and right of his associates in a plot to blow up the building where the court martial trying the Cronstadt mutineers was sitting, have been executed.

## VOTERS WARNED

Thousands of Postal Cards Sent  
Out From Washington to  
Republicans.

Washington, Oct. 30.—Thousands of postal cards are being sent out by the Republican congressional committee warning loyal voters of the party to beware of old "General Apollis." In big type the warning says:

"To Republicans:—There is great danger through apathy of losing the next house of representatives. It was lost in 1890—an off year between presidential elections, and in 1892, the Democrats gained both senate and house and the people got the Wilson-Gorman tariff and ruin. This is an off year between presidential campaigns, and through apathy there is danger of repeating the experience of 1890 and 1892. 'Democratic success on November 6th means an end to prosperity. Don't risk it. Republicans. Don't fail to vote and see to it that your neighbor votes with you.'"

## TRIED IN TEXAS FIRST.

Austin, Texas, Oct. 30.—Governor Lamm to day announced that the Mexican revolutionists now confined in jail in Del Rio, on the Mexican-Texas border and wanted in Texas on charges of robbery and other crimes, will not be turned over to the Mexican government until after their cases have been disposed of in Texas. There are now requisition papers on file in the governor's office from Mexico for the extradition of these soldiers, called revolutionists, but they will be arraigned in Texas first.

## ATTORNEY GETS DECISION.

Los Angeles, Cal., Oct. 30.—Abel Attell was given the decision over Harry Baker at the end of a twenty round contest here to night.

NEW STYLE  
OF SPELLINGQUESTION COMES UP IN  
SUPREME COURTDepartment of Justice Will Here-  
after Follow Old Style—Ment  
Inspection Law Ruling—Inter-  
ior Office.

Washington, Oct. 30.—The question of propriety of using modified spelling in accordance with the order of the president was incidentally raised to day in the United States supreme court. The case under consideration was that of Dalcour against the United States. Solicitor General Hoyt was presenting the government's side of the case being heard. In the course of his argument he had occasion to refer to a long quotation in his brief from a decision of the court rendered some years ago by Justice Bradley in which the word "through" was spelled "thru." Chief Justice Fuller held the copy of the brief in his hand and when the word was reached interrupted Hoyt with the question as to whether the extract was intended to be a quotation from Bradley's official opinion. "In all except the spelling," replied Hoyt.

"Ah," significantly responded the chief justice, with an interrogative inflection that caused a general smile through the court room. Hoyt explained that the department of justice was inclined to follow the new order of spelling and added that while he considered it proper to pursue this course in the original text of the department's briefs, he did not feel the department was justified in changing the orthography of judicial opinions. He said that in the future such changes would be guarded against. The court has not adopted the simplified spelling system.

## MEAT INSPECTION RULINGS

Some important rulings were announced to day by the department of agriculture under the meat inspection law. Under these rulings the right of the farmer to ship in interstate or foreign commerce carcasses of animals slaughtered on the farm is a right personal to the farmer, and applies to the shipment of carcasses of such animals in interstate or foreign commerce only when such carcasses are shipped by the farmer or his agent. It is decided that wholesale dealers, who are not acting as agents for farmers, but who own carcasses of animals slaughtered by a farmer on a farm, may not reship said carcasses in interstate or foreign commerce.

## POOR COFFEE.

Interior grades of coffee put in ship's manifests as good and beans and shipped from this country to Porto Rico, and then reshipped from there to other countries, and in some instances back to the United States as high grade Porto Rican coffee, has been the subject of investigation by the department of commerce and labor. Though not yet completed, the investigation shows many irregularities.

## ORDERED HOME.

Washington, Oct. 30.—In addition to the gunboats Newport and Paducah, which already have sailed for the United States, the gunship Dixie and gunboat Induho have been ordered home from San Domingo. The naval force retained at San Domingo for protection of American interests consists of the gunboats Don Juan de Austria and Marietta and the converted yacht Scorpion. Commander Brannear, brother will relieve Commander Southard of the general command of the naval force.

## HOPPE DEFEATS SCHAEFFER.

Baltimore, Md., Oct. 30.—Willie Hoppe to night defeated Jake Schaeffer by 400 points in 18-1 billiards, running out in his twenty-ninth inning. Schaeffer's score was 376. The game was to have been the second part of a 360 points match. A change was made by agreement of players, Hoppe conceding the 182 game to Schaeffer on last night's score.

Sweeping the Carpet.  
After sweeping a room go over the carpet with either a sponge or old flannel as they neither leave that—that has been moistened well with ammonia and water. Use a full table-spoonful to a quart of warm water.

To Blacken Tan Leather.  
Take a raw potato, cut it in halves and rub tan shoes well with it. Then rub blacking well in, polish, and the result will be so satisfactory as to make it difficult to say whether the shoes had not always been black.

## Fish Sandwiches.

Any cooked fresh fish picked into bits, well seasoned with salt and pepper and moistened with mayonnaise makes an excellent filling for a sandwich. A little chopped pickle is also an addition.

Perfumung the House.  
To give the house a pleasant odor take some live coals and sprinkle ground cinnamon on them.

## WILL TESTIFY

Stensland Arrives in Chicago as  
Chief Witness Against Cash-  
lor Herling.

Chicago, Oct. 30.—Paul O. Stensland, wrecker of the Milwaukee Avenue State bank, was brought to Chicago to day from Joliet penitentiary to appear in court as chief prosecuting witness against Henry W. Herling, ex-cashier of the defunct bank. Stensland was accompanied from the state prison by two guards of that institution.

Aside from a slight pallor, Stensland did not appear to have suffered seriously from his incarceration. Herling will be tried on two indictments five for forgery, two for perjury and three for embezzlement. Other witnesses, who will give testimony against Herling are bank directors and a few former depositors of the Milwaukee Avenue State bank.

Stensland has agreed to tell the story of the looting of the bank from start to finish.

Herling's attorneys gave notice they will ask for a change of venue. A motion to this effect will be argued this afternoon. Paul O. Stensland, the convicted president of the bank, spent the morning in the office of the state's attorney, reviewing the case. He rather enjoyed an opportunity for a little temporary freedom and received many of his friends in the waiting room of the jail.

## RESCUED

Seven Persons Saved on Lake  
Huron.

Port Huron, Mich., Oct. 30.—Capt. William Somerville of Port Huron, Mich., his daughter, Miss Kate Somerville, and the crew of five men of the large lifeboat, were rescued to day by the steam tug A. Palmer in Lake Huron in an open yawl, to which they had put off from the large boat when the craft became water-logged off Port Sanilab. The seven people in the open boat had been tossed around in the high seas on Lake Huron for an hour when rescued. The lifeboat was towed No. 2 of the large tugboat and was out loose when she became water-logged. Captain Somerville, with his daughter and crew, were landed here by the tugboat.

RIOT IN NEW YORK.  
New York, Oct. 30.—The police were called late to night to suppress a riot among forty laborers employed in lock No. 2 of the East river tunnel, 100 feet below the surface of the river. Before they could reach the scene one man was fatally injured and more than a dozen others suffered injuries in a free-for-all fight.

## TELEPHONE WARFARE

Chicago, Oct. 30.—Official notice that the independent telephone interests have leased the telephone franchise of the Illinois Tunnel company, thereby securing an entrance into Chicago was given to the city to day by attorneys of the independent interests. This official notification marks the beginning of a telephone warfare between the Chicago Telephone company and the new independent company which has been threatened so long.

It was announced that the new company is financially prepared to at once begin the development of an automatic service, extending it to all sections of the city, and that 100,000 subscribers will be served as rapidly as instruments and extensions can be installed. It is the intention of the independents to invest between \$15,000,000 and \$20,000,000 in developing an automatic plant.

## AUTOMATIC PISTOL KILLS FARMER.

Griffith, Okla., Oct. 30.—General Cook, living near Sayre, met a peculiar death yesterday. Intending to butcher a calf, he shot the animal with an automatic revolver and then replaced the weapon in his hip pocket. The revolver kept on shooting until emptied, five bullets taking effect in Cook's body.

## WRESTLING BOUT.

Lima, Ohio, Oct. 30.—Al Akerman defeated Alex Swanson in a catch-as-catch-can wrestling bout for the championship in the water weight class of the world here to night. Akerman gained the first fall in one hour and forty-six minutes, and the second in forty-six seconds.

## TERRORISTS KILL POLICEMAN.

Warsaw, Oct. 30.—A band of terrorists shot and killed a policeman here this evening, but with this exception the day passed quietly. The streets were patrolled by cavalry and detachments of artillery were posted at strategic points as preparation against all eventualities.

Ostend, Belgium, Oct. 30.—The German steamer Hermann, from Antwerp for the Mediterranean, was sunk in the channel Oct. 26th, as the result of a collision. Twenty-three members of her crew were drowned. The collision occurred when the Hermann was near East Goodwins. The name of the vessel with which she collided is not known.

CONVICTED  
OF PERJURYHARTJE'S FORMER COACH-  
MAN FOUND GUILTYConvicted Man Made False De-  
position in Pittsburg's Recent  
Sensational Divorce Trial—  
Life Passed by Lawyers.

Pittsburg, Pa., Oct. 30.—Clifford Howe, negro, formerly coachman for Augustus Hartje, was convicted of perjury to day in connection with a deposition against Mrs. Mary Scott Hartje, and which formed the basis of the recent sensational Hartje divorce trial. The case was submitted to the jury at 12:30. Only one ball was taken and when court convened at 1 o'clock the verdict was announced.

The closing features of the case were sensational and exciting to the four attorneys during argument attacked one another indiscriminately with accusations, and during the address of Assistant District Attorney Robb, the negro defendant pumped from his seat and shouted that the attorney lied.

Attorney J. Scott Ferguson addressed the jury for the defense, making an impassioned appeal for the negro and criticism of Attorney Robb. Closing the case for the state, Robb secured not only the defendant, but also his counsel, being interrupted two and again, on one occasion Ferguson giving notice that he would apply for a new trial because of Attorney Robb's remarks.

Judge Fraser's charge to the jury was an impartial review of the law and the evidence, and thus ended a trial which for scandal has seldom, if ever, been equaled in Pittsburg.

## POLISH QUESTION

Rome, Oct. 30.—Herr von Tschischky, German secretary of foreign affairs, who has been here for some days in conference with officials of the Vatican, left to day for Florence, from which point he will visit King Victor Emmanuel, who is in the country.

Tschischky left Rome without having come to any agreement with the Vatican regarding the Polish question, which, owing to the determined intention of Germany to Germanize the Poles, and their strenuous resistance, is constantly becoming more farious. The Vatican cannot condemn Archbishop Stankewski of Posen, who recently protested against the German order to teach Polish children religion in the German tongue, nor can it condemn Poles who refuse to leave their children given religious instruction in a language the children do not understand. Germany has been deaf to all arguments advanced by the Vatican, which contends that the nationalization of the Poles, who would rather abandon their religion and become socialists, than be Germanized.

## DAMAGED RAILROAD PROPERTY

Medina, Ohio, Oct. 30.—Angered by the action of the Baltimore & Ohio railroad in building across a country road near Lodi against their wishes, nearly one hundred Medina county farmers took their teams this afternoon and tipped three "dinky" engines and five cars into the ditch. To night twenty-five heavily armed men stood guard over the crossing and threaten death to any employee of the road who attempts to replace the torn up railroad.

## THE HANKOW FIRE

Hongkong, Oct. 30.—The cargo's pry in the steamer Hankow fire has found it was a "misadventure," but the jury added that the practice of carrying an inflammable cargo unprotected on the main deck was a dangerous one.

## UNCLE SAM NEEDS 2,000,000 POSTAGE STAMPS EVERY DAY.

New York, Oct. 30.—An output of twenty-seven million postage stamps per day, one stamp for every third person in the United States—is called for by the contract just awarded to the American Bank Note Company. This company printed Uncle Sam's stamps from 1875 to 1891; then the government bureau of engraving and printing was given the work, and every year since then congress has had to come to its rescue with an extra appropriation to meet the deficiency incurred in the work of turning out the stamps in Washington.

For the last three years, previous to 1903, tenders were asked, but the bid of the government bureau was purely formal and was far below what a private concern could take the work for. The last contract was taken away from it, after appropriation bill, compelled the bureau of engraving and printing to put in a bid not less than actual cost. The result was that the Bank Note company underbid the government bureau by five and one-half cents on the large size stamps and by a smaller margin on the ordinary sizes. But so small a difference as one-one-hundredth of a cent per thousand will result in a big saving, especially in view of the fact that the government's bid included no item such as general supervision, interest on investment of real estate, and such similar factors.

The American Bank Note company had built up an extensive plant, employing thousands of workmen, when the stamp contract was taken away from it in 1891. This plant is now engaged in turning out hundreds of millions of stamps and bank notes for Italy, Greece, and many other European and South American countries. It is therefore, thoroughly prepared to take up the immense order from the United States government, the execution of which begins February 1, 1907.

## BOARD OF BISHOPS TO MEET HERE

Semi-Annual Gathering Will be  
Held in Jacksonville Next May  
—Will be Notable Assemblage  
of Churchmen.

During the first few days of next  
May Jacksonville is to have as its  
guests one of the most distinguished  
bodies of men that has ever been in  
the city.

After putting forth great efforts  
in that direction President Harker  
received a dispatch yesterday signed by  
Bishops Cranston and McDowell that  
his efforts to secure the semi-annual  
meeting of the Board of Bishops  
of the Methodist Episcopal church  
had been successful. The announce-  
ment has occasioned great joy among  
the Methodists of the entire con-  
ference.

Twice each year the Board of  
Bishops meet to discuss the affairs  
of the church and plan for its work.  
The board is composed of the most  
distinguished men of the church  
world and there is always great com-  
petition among the cities to secure  
the meeting. Never before has it  
been held in a city as small as Jack-  
sonville. While we have entertained  
an annual conference a number of  
times this in many ways is as much  
greater honor and privilege. Not  
only will it bring them to the city,  
but for the next six months Jack-  
sonville will be in the thought of  
the entire Methodist church and during  
the meeting other distinguished men  
of the church will be in attendance.  
The meeting continues for a week  
and while the day sessions are private  
at night there are usually mass meet-  
ings to which the public is invited.  
President Harker and the minis-  
ters of the city and conference who  
have aided him are to be commended  
for our citizens for securing so im-  
portant a meeting for our city.

### "UNCLE TOM'S CABIN."

They have all the accessories for  
producing the play in the most ap-  
proved style and are highly success-  
ful in pleasing their audiences. The  
company has a double band orchestra  
composed of white and colored mu-  
sicians; two Topsis, two Marks, Eva  
and her pony "Prince," the Lone Star  
quartet and the African Mandolin  
players, not excluding a pack of sav-  
age looking bloodhounds. Grand  
opera house, matinee and night, Fri-  
day, Nov. 2.

### PHI NU SOCIETY.

The Phi Nu society met Tuesday  
afternoon at 4 o'clock. The program  
was as follows:  
Original story—Thekla Ellermann.  
Piano solo—Elsie Craig.  
Hallowe'en Pranks—Bessie Hol-  
back.  
Recitation—Eleanor Rawlings.  
Paper—Mabel Pinell.  
Piano Solo—Grace Wilkinson.  
Impromptu—Hallowe'en's Super-  
stitions—Marguerite Ballard.  
The program was very interesting  
and amusing and was enjoyed by all  
present.

### CHILDREN'S PARTY.

Mrs. S. B. Stewart entertained a  
number of little people Tuesday after-  
noon in honor of her nieces, Misses  
Virginia Ogden of Chicago, and  
Floradene Roosa of Springfield.  
Childish games were enjoyed, and  
the afternoon was made more pleas-  
ant by the serving of dainty refresh-  
ment. Mrs. Stewart was assisted in  
entertaining her young guests by  
Mrs. Ogden and Mrs. Roosa.

### NOTICE TO THE GENERAL PUBLIC.

There will be a meeting of the  
City Council of this city to consider  
the water question and to have them  
decide when and who shall be de-  
prived of water. I desire to invite  
the general public and all those in-  
terested in the water situation to be  
present at the meeting which will be  
held Thursday evening, Nov. 1. I  
respectfully urge that all those in-  
terested be present at this meeting.  
John R. Davis, Mayor.

### BELLES LETTRES PROGRAM.

The following program was ren-  
dered yesterday.

ing D. C. Diltz, ticket agent Chicago  
& Alton railway.

### CHICKEN SUPPER.

The chicken supper given by the  
Pillar circle of the Christian church  
Tuesday evening in the parlors of the  
church was largely attended. A fine  
supper was served and a most satis-  
fying time was had.

# The Store for Correct Style

## The Real Test of a Store is its Ability to Supply

This is the exact position we occupy. Supplying the wants of women and misses with  
all the modish garments at a price you will consider fair to pay. It will be very appar-  
ent to you during this week's fashion display. In no other store will you be able to see  
so much that is to be admired. The style, material and prices, correct.

### Smart Coats

We have added to our coat department many new  
coats in the past week. Broad Cloths and a chic line  
of fancy mixtures made up and copied from very high  
class models. These coats are worth more money but  
our department being new we will offer them at very  
low prices. So for this week we sell you \$12.50,  
\$15.00, \$20.00 values at \$10.00, \$12.50, and

### BOUGHT CATTLE.

A Kansas City live stock paper says: Frank Robertson of Jacksonville, Ill., who is interested in cattle in the Panhandle country, and in Southwestern Nebraska, thinks the time is coming very fast when the heavy cattle business both in feeding and marketing will be transferred to the Kansas City territory. "It has already reached a point," said Mr. Robertson, "when we have to find out what is going on west of the Mississippi river in the cattle feeding line before we can do much over in Illinois. The growth of the southwest country is gradually transferring the live stock business to Kansas City. It is on the right spot on the map to get this big business. The great cattle feeding center has been moving west gradually until it has gone on out almost to the Rocky mountains. A quarter of a century ago no person imagined that thousands of cattle would be fed every year out in Red Willow and Hayes counties in Nebraska. But they are, and the number is increasing right along."

Stop at the Spot Cash Market and see our Elberta peaches, California plums and grapes.

### AT THE GRAND.

One of the coming attractions at the Grand for Thursday night, Nov. 1, is James H. Browne's big sensational comedy drama, "Hooligan in New York," with Frank H. Wheeler as Hooligan. The play is filled with thrilling situations and plenty of good comedy. Mr. Wheeler himself is extremely funny and has the enthusiastic support of an energetic company.

### SEXTETT AND BAND PROMS.

Objection to having proms on Saturday night has altered matters and the proms will be given hereafter on THURSDAY night of each week in Conservatory hall, the band and sextett alternating in furnishing the program. The farmer who put green spectacles on his horse's eyes and shavings in his manger, fooled the horse, but not the horse's stomach. The horse died.

The fooler was fooled.

We could claim all sorts of nice things for ideal coal and by so doing fool coal too, but we couldn't fool the stove. It would give us away and it would be another case of the fooler fooled.

When you see so many shrewd people buying and burning "Ideal" coal as are buying and burning it, you can make up your mind that it's everything we say it is. We say it's the best soft coal you can buy. Its users say the same thing.

## THE ELECTION.

Election day will be next Tuesday, the 6th of November, and it behooves every Republican to be on the alert and do his duty. Especially is it important that there should be a thorough organization at each polling place in the county. It will not do to depend on volunteer individuals. It is ORGANIZATION, ORGANIZE, ORGANIZE. Have each man know what is his specific duty and have it done. One should keep a list of those who vote, have the names checked off the poll book and be on the constant lookout for absentees. There are many who are unmindful or indifferent to the privilege of voting, but who will come to the polls if sent for. There are some who are unable to get there without a carriage or vehicle of some kind and there are some who are quite busy and should be called on to lose a little time as possible. All these should have attention and it is the duty of each central committeeman to see to it that the work is done and in a proper manner. The Democrats may always be depended on to be alert and after the voters and a rainy day is said to be good Democratic weather, because they will take more pains and go through greater difficulties in getting to the voting places than members of other parties. Let us stand together this fall and if we do as we should our whole state and county ticket may be triumphantly elected and we can send two members to the legislature. It all depends on the heads of the organization.

**REPUBLICAN LABOR LEGISLATION.**  
Since its very inception the Republican party has been legislating in every Congress for the uplifting of labor and the bettering of conditions for all working classes. Through our tariff laws the working people of the United States have been protected against the cheaper labor of the outside world, and wages today are from two to ten times the amount received elsewhere. Through our financial legislation the wage-earner has always received a full dollar, and his savings and investments have been fully protected. Not only have wages constantly increased and hours of labor been reduced, but sanitary conditions have been constantly improved and inspections and liability laws have given to our workmen and women conditions and advantages, better, very much better, than in any other country.

All the great national labor laws on our statute books were put there by the Republican party.—Republican Campaign Text Book.

**BETS ON MR. HUGHES.**  
New York, Oct. 27.—"One to ten that Mr. Hughes' majority will be 200,000 or more," said Isaac Poppenheim, home-bound from the races at Jamaica last evening. There were fully 1,000 democrats on the train, but not until the offer was repeated a dozen times through the cars was a wager forthcoming. Then a man who had cashed on a 100 to 1 shot pulled out a hundred-dollar bill and said: "I'll take that for a century."

Mr. Poppenheim, who is known as one of the best informed betters on elections in the state, and he was ready to repeat the bet a hundred times. "It may appear hazardous to claim so much," said he, "but I am of the opinion that Mr. Hughes will have close to 250,000 majority when the votes are counted."

Betting continued on the early today with the odds favoring Hughes at 3 to 1. J. L. McCormick appeared with \$20,000 which he offered to lay at odds of 3 to 1. He placed about \$2,000 at those odds. W. Marko had \$1,500 to \$200 with S. G. Wood on Hughes. W. W. Bagley bet \$2,000 to \$1,000 with R. Wilson.

## DRUNKENNESS CURED

It will be gratifying to all lovers of temperance and a happy home to know that a simple and scientific cure for the whisky and beer habit has been discovered. One never fails to cure drunkenness if it is used in accordance with the simple directions in the package, and the discoverer has so much confidence in the treatment that we are authorized to sell it with an absolute guarantee, to effect a cure or the money will be refunded.

It is in two forms: No. 1 to be given secretly, and No. 2 for those who wish to be cured. \$1 each. Mothers and sisters have told us of husbands and brothers who since they were given Orin, in many cases without their knowledge, have lost all desire for drink, and we are glad to recommend it to the remedy. Made in U.S.A. The Orin Co., Washington D.C., or Armstrong's Drug Store.

## HALLOWE'EN IN MEDIAEVAL DAYS

**History of the Night of Spirits and Fairies—One of Greatest Anniversaries of Our Scottish Forefathers.**

Hallowe'en, the night of spirits and fairies, celebrated with weird ceremonies by our Celtic and Teutonic ancestors as far back as history runs, has retained in America the character of a frolic which distinguished it in England even in mediaeval times, and the outward forms of the superstitious practices, which made it one of the great anniversaries of our Scottish forefathers, Robert Burns' poem, "Hallowe'en," is still the standard of authority upon the curious superstitions. The Scotch kept up its original significance as the particular festival of fairies, spirits and witches. Among the games described by Burns in his celebrated poem was that of burning two nuts side by side in the fire place. The maiden would choose one nut to represent herself and the other her lover. If both burned brightly, with the flames united, then she knew that her lover was true and that they would be married. If the flames went different ways they would be cool in their mutual affection; if the one nut flew apart from the other, her lover would be untrue. Another game was the three tubs set by the hearth, in the first of which was clear water, in the second dirty and the third empty. Blindfolded the bachelors and young men in turn went to the hearth and thrust a hand into one of the tubs, which had been shifted around since the last trial. He who picked out the clean water would surely wed a beautiful maid, while whoever chose the dirty water would marry an old maid or widow. Single life was the fate of the man picking out the empty tub.

The young lady who would go alone to a mirror and look into it intently while she ate an apple would behold her future sweetheart's face peering over her shoulder. It is related that this custom was discouraged because of the fright given to nervous persons who imagined that they saw horrible images in the glass. A similar belief was that if one should hang up a wet sleeve, and waken at midnight, he would see his future helpmate turning the sleeve.

Other games, such as ducking for apples, and building of witch-fires were indulged in. They were not taken seriously. These latter were among the most common of our modern Hallowe'en sports. Jack-o'-lantern, the fortune telling, the ghost processions and all the mummery now practiced on this occasion are but survivals of the early Scotch ideas.—Exchange.

## RAILROAD NEWS NOTES

James E. Stumpf, who for the past few years has been superintendent of the Springfield division of the Wabash railroad, has been promoted to the superintendency of the Moberly division, the order to become effective Nov. 1. Mr. Stumpf takes the place of Richard Doyle, who resigned.

Mr. Stumpf's rise in railroad work has been phenomenal. From the rank of a student telegraph operator in Blue Mound in 1888, up through the various offices of the company, he has risen to a place of trust. Probably through his excellent work in saving the Wabash thousands of dollars at the time of the last big flood of the Mississippi river has his real worth been shown, and through which this promotion came about.

Mr. Stumpf will take with him to the Moberly division J. W. Jones, treasurer of the Moberly division.

C. E. Brown, who is Mr. Stumpf's successor on the Springfield division, has been with the Wabash for a number of years and is well versed in railroad work.

C. F. Handshy, chief train dispatcher of the Moberly division, is looked to succeed Mr. Brown. Mr. Handshy had only recently been appointed train dispatcher. Mr. Handshy will be succeeded by John Knapp, who has been acting in the capacity of assistant chief dispatcher.

## Washing White Paint.

Where white china glass paint is to be washed do not use soap, but ordinary whiting, such as comes for cleaning silver. Have two buckets of lukewarm water, rinse out a cloth and go over the paint first; then pour on the cloth some of the whiting and wash the paint with it as if it was soap. Wash off with the bucket of clear water. It is a well known fact that even the purest soaps will cause the paint to turn yellow.

## RIP AND HIS DOG

The Days of the Legend of Irving Revived.

Again Jacksonville has been treated to something strictly first class, but the Journal regrets to add, the appreciation was far from what it should have been. It would have been supposed that the announcement that a son of Joseph Jefferson would appear in the role of "Rip Van Winkle" would have been enough to pick the opera house, but it wasn't. Of course a good performance had been seen the night before by a good house, and a second entertainment so soon was too much for the people to patronize, but it seems as if the average man would rather laugh than do anything else, and a play which appeals to the nobler part of man's nature, fails to be patronized as it should be, but to the credit of the cast he said, they played as if to "empathize." The old legend of Washington Irving need not be repeated here. The cast was well balanced and all was excellent. For portable scenery carried about the country the stage dressing was fine and well managed without tedious waits. Mr. Jefferson in the famous character of Rip Van Winkle is indeed a worthy son of an illustrious line. The writer will remember seeing the elder play the same part in the old opera house on the south side of the square, some thirty years ago, and the work of the son will well compare with it. In the first act it seemed as if the father's work was rather better, but later on there was no superiority, while it may be truthfully said the acting of the son was more intense and vigorous than that of the elder. The makeup was good and the whole cast had no sticks in it. The children were admirable almost too good for such wee tots. Their work was superb, but it did seem as if they did too much for such little folks. The Journal only hopes their mother is with them and takes good care of them and that their rest and recreation receive suitable attention for the work they do will surely tend to make them prematurely old. The mountain scene was good and the return home left nothing to be desired. The meeting of Rip and his daughter, and the recognition were fine and the play left a good impression. Should it be seen here again the Journal hopes there will be a better house.

R. OF C. EUCHE PARTY.

The second of the series of entertainments by the Knights of Columbus, scheduled for the autumn and winter season was held in their hall on the north side of the square Tuesday evening. It was in the nature of a euchre party and a large number of people were present who thoroughly enjoyed the evening. Some high class euchre players were in attendance and several very closely contested games resulted. Miss Lizzie Coffey was awarded the first prize for ladies, while Al. McGinnis captured the same prize for gentlemen. The consolation prize for ladies went to Mrs. Con Harrigan, and the one for gentlemen to James Thompson.

The committee in charge of the occasion included C. L. Dezen, James McGinnis, D. J. Harris, Gus Grahn, John W. Flynn, J. A. Schmidt and James Donavan.

## BIRTHDAY SURPRISE

Joel B. Joaquin was agreeably surprised at his home at 232 East Michigan avenue Tuesday evening, the occasion being his birthday. Secret invitations had been sent out to his friends and as a consequence a large number gathered to celebrate the event. Every detail was so well planned that things turned out just as the surprises wished, and a hearty laugh was awarded the young man. The hours were spent in a delightful manner playing amusing games interspersed with several vocal and instrumental musical selections by the various guests.

During the evening ice cream, cake and other good things were served. Mr. Joaquin was the recipient of many handsome presents.

## A SURGEON

Naturally has a knowledge of medicine, and the old saying: "Physician, heal thyself," is carried out every day.

Dr. John H. Dindle, a surgeon, R. R. No. 8, Urbana, Ill., suffered for years with stomach trouble, nervous headaches and thousand complications resulting from catarrh. At times he was in such a condition that he could give no attention to his practice. Had tried numerous remedies and could obtain no relief. Quaker Herb Extract entirely cured him and to day he is a perfectly well and healthy man. He states of the Extract: "I truly believe you have the most remarkable medicine that it has ever been my good fortune to become familiar with. I can not recommend it too strongly."

This Extract is purely vegetable; made from herbs, roots, barks, berries, leaves and blossoms and is beyond a question of doubt the greatest stomach, liver and kidney medicine ever placed within the reach of humanity. It is for the cure of all of the above and kindred diseases, reaches the seat of the trouble and removes all impurities from the system in a natural manner.

This medicine has proven all claims made for it by the Great Quaker Herb Extract is for sale at Armstrong's Drug Store or your local druggist.

## DEATH OF AN AGED WOMAN

Mrs. Wm. Ryan Was 100 Years Old—Had Lived in County 66 Years and in Same House 46 Years—Other Deaths.

Mrs. William Ryan, one of the oldest residents of the county Tuesday evening, aged about 100 years, at her home, 1302 East Railroad street. She was born in Ireland, had lived in this country for sixty-six years, and in the house in which she died for the past forty-six years.

Mrs. Ryan was the mother of Steve Ryan, the well known Washburn contractor, and of Mrs. Frank Taylor, wife of the former civil engineer of the J. & St. L. now of Los Angeles. One daughter, Miss Kate Ryan, lives at home.

The time of the funeral has not been determined, and will be announced later.

ROBERTS.

Joseph J. Roberts, a veteran of the civil war, and an old resident of this vicinity, died Tuesday morning at 10:10 o'clock at his home, 1028 North Main street. Death resulted after an illness of about four weeks, probably caused by a fall sustained several weeks ago. The death of a man greatly esteemed by all who knew him, both for his moral and his strict integrity.

Born in Sheffield, Eng., Dec. 11, 1843, Mr. Roberts came to this state with his parents when only six months old. The greater portion of his life since has been spent in Morgan and Scott counties. When the civil war broke out he enlisted in Co. L, 115th Ill. Vol. Inf., and served for about three years in the Army of the Cumberland. After the war, he was engaged with his father in the milling business at Winchester for a number of years, and was married in this city Nov. 1, 1868, to Miss Martha M. Robinson.

Mr. Roberts had been a trusted employee in the local lumber yard of P. P. Andrews & Son, and had resided at his late home for the past twelve years. He leaves besides his wife two daughters, Mrs. Susan Dods-worth of the vicinity of Litchberry, and Miss Dolly of this city, also one son, Herbert E. of this city. He was a member of Hillside No. 4, I. O. O. F., of the G. A. R. and of Shiloh M. E. church, with which he united about thirty years ago.

Funeral services will be held at the residence Thursday morning at 10:30 o'clock and interment will be in Jacksonville cemetery.

MALLORY.

Mrs. Grace Mallory, wife of Frank Mallory, died at her home 722 Ashland avenue, at 9:45 p. m. Tuesday, aged 32 years. The death was a peculiarly sad one, in that her life was a particularly active one in her chosen calling, in which she excelled.

The deceased was born in Newark, N. J., Nov. 16, 1898. She leaves besides her husband a host of friends and relatives to mourn her loss.

Funeral services will be held at the Mt. Emory Baptist church Thursday afternoon at 2 o'clock.

NELBE.

Mrs. Christine Nebe passed away in Quincy Monday evening about 6 o'clock at the home of her son, Christ, with whom she has been making her home.

Mrs. Nebe had been sick for two years, suffering from cancer and infirmities of old age, but had not been bedfast until four months ago, when her condition became more serious, and she was compelled to take to her bed.

Deceased was born in Germany, was 83 years of age, and had been a resident of Quincy for 52 years. She leaves three sons, Louis, Henry and Christ, all of Quincy.

### AND COMMON SENSE TALK

Do you ever stop to think what you are doing with your time or what time is going to do for you? I can tell you. It will do nothing for you unless you put on your thinking cap, get in the harness and pull for yourself. Don't think you can sit with arms folded and a fortune will come to you. It positively won't.

### Are You a Renter?

paying high rent for land that just barely makes you a living, and do you realize that there is land in the great Southwest that can be had for a very low consideration? A home can be had for the consideration that you are paying for rent; land that will grow in abundance all kinds of grain, grass, fruit and vegetables.

### Or Have you Succeeded

in laying up a little money, which you should invest in a way that it will help you make more? What are you doing with your money? Stop and think. Are you getting 3 per cent when you could easily have it making you 10 per cent and up? Do you realize that money invested in good real estate is about the only thing in the way of investment that is absolutely safe? It is a fact, and a thorough investigation will prove the same.

### Do you Know

and stop to consider at what rate the population of this country is increasing? Do you know that thousands of foreign emigrants are pouring into our country each year? Do you realize that the Great Creator is creating by the millions, but not creating another acre of land? Do you know what all this means? It means that in a very few years the man of limited means who has not got a home for his family and something to leave for his children will be found in a bad and unfortunate condition. What is better and safer to leave for your family than a few acres of nature's good productive soil?

### Hale County, Texas

is a good place for any man to invest in land, either for a home or as an investment. It is absolutely safe and will make you a splendid income. Hale county is in West Texas, south of the Panhandle, in the heart of the shallow water belt, and here are a few of its products: Wheat, corn, oats, kaffir corn, alfalfa, broom corn, cotton, all kinds of fruits, berries and vegetables, unexcelled in California or elsewhere for grapes. This land is bound to go to the top. The fertile soil, abundance of pure soft water, climate and products make it one of the most desirable localities in the United States. No mountains, no rocks. No river land to cultivate can be found. Most all of the land that has been opened up in the new Southwest in the last ten or fifteen years has doubled and redoubled in value. Take Oklahoma for example, where land started at the bottom a few years ago and could be had at from \$5 to \$10 per acre, some of the same land is selling to day as high as \$200 per acre. Oklahoma City, 17 years old, population of 40,000, where one hotel sold this summer for a consideration of \$10,000. Many of those who got in on the ground floor in Oklahoma have amassed immense fortunes.

Well informed men say that this new Texas country will soon rank with Oklahoma and even excel her in many products. Here you can raise the well known King of grasses, alfalfa, to heart's content.

### Opportunity

knocks once at every man's door. It is knocking at yours now. Don't say you can't. Don't be afraid because you know of some man who bought a gold brick twenty years ago. You can't stand behind that. It is poor logic. You are not buying a pig in a sack on this proposition.

All it takes is a little time, nerve, and get-up to see it. Then you will know for yourself. If it is good you want it. If not as I represent it, your railroad fare costs you nothing. Now is the time to go while the railroad rates are low, perhaps lower than they will be again soon. Don't put it off and wait till the other fellow gets the cream and then pay a high price for your land. Of the many people who have gone with me from Pike county, Illinois, and bought land in Hale county, Texas, in the last few months I will give a few of their names, and they are men that I know to be thoroughly reliable. Write their names and see what they say about it: J. F. and J. A. Stilton, Dr. R. R. Pollock, L. E. Prock, A. P. Mann, all of Neco, Ill.; J. P. Walston, Pleasant Hill, Ill.; Carter Brothers, Rockport, Ill.

### You Will Want

this land when you see it. You won't need anybody to tell you what to do. The price ranges around \$12.00 per acre. No waste land. All can be cultivated. I will make a conservative estimate and say that land there that is selling now at \$10.00 to \$12.00 per acre will within one year be selling for \$20.00. I live there and know it has doubled in the last year, and will do it again in the next. Go see and you will be convinced.

My Motto is "One man, one price and one commission." I sell on a just and legitimate commission, which the seller pays, and will not handle it otherwise. I have no one to split my commission with and can afford to handle land on a cheap commission. I list lands at the lowest possible price, take my customer direct to the owner, from whom he will find out that he is buying right. I have not sold an acre of this land I can't sell again at a profit. The excursion leaves Tuesday, Nov. 6. Tickets will be sold round trip about \$20.00. I am always ready to answer letters and questions. Headquarters in Texas, Plainview; while here with Briggs & Vosseler.

#### FEED BARN SOLD.

The livery and feed stable located at 323 North Main street has been sold by J. B. Ogle to J. Harvey Long and John T. Samples, farmers, who reside northeast of the city between Litchberry and Sinclair. The new proprietors will not take possession until next spring. Mr. Ogle has no definite plans as to his future after he gives possession of the barn.

#### MINISTERS AND STEWARDS MEET

District Rally Held at Centenary Church Tuesday—Return of Time Limit Favored—Elder's Salary Fixed.

The meeting of the Jacksonville District Stewards and pastors in a district rally was held at Centenary church Tuesday morning and afternoon and about thirty-five were present. The meeting was for conference and for fixing the salary of the presiding elder and apportioning the same among the various churches.

The morning session consisted of devotionals and a set program, which was as follows:

11:00 a. m. Devotions, Rev. M. N. English.

11:10 a. m. "Wise Methods of Using Our Members in Soul-Winnings," J. C. Nite.

11:40 a. m. "How to Stop the Leakage from the Banks of Our Converts," J. O. Kirkpatrick.

12:10 p. m. "Impediments to a Widespread Revival in Our District This Year," G. E. Seringer.

After enjoying the hospitality of Elder and Mrs. G. E. Seringer at luncheon the stewards met in business session, and later in conference with the pastors. At the business session besides setting the presiding elder's salary, the district stewards passed resolutions favoring the return of the time limit in regard to the service of pastors.

The meeting adjourned at about 3 o'clock.

**PIONEER PREACHER DEAD.**  
Anna, Ill., Oct. 20.—James W. Hunsaker, a prominent Baptist minister of this city, died at his home Sunday evening while seated in his rocking chair, the family having no previous warning of his fatal illness. The cause was heart disease. He was 67 years old.

Mr. Hunsaker was a tower of strength to the Baptist church of southern Illinois, being instrumental in the organization of many Sunday schools in the bounds of the association. He was a member of the 49th volunteer infantry in the civil war and a member of Anna post, No. 558, G. A. R., as well as a member of Anna lodge, No. 229, A. P. and A. M., under whose joint auspices the funeral services were held to day.

#### SUFFERED INJURY.

John McAlister, while putting on some paper roofing for John Cherry Tuesday, fell from the roof on which he was working and a heavy roll of paper with which he was working fell upon him, inflicting severe injuries. He was removed to the McGinnis hotel, where Dr. Burkholder was called in attendance.

#### NOTICE TO ALL WATER CONSUMERS.

On Nov. 1, 1906, unless it rains, it

will be necessary for the water department of this city to shut off all water consumers. This means everyone, private residences and in fact everyone using city water. This notice is given in advance so that all will have ample time to make other arrangements. We are compelled to do this to save sufficient water for fire protection.

## JUNIORS' ANNUAL PARTY.

The Jacksonville High School Juniors held their annual Halloween party on the east side Tuesday evening. The decorations were in the class colors, gold and purple, and consisted of leaves, pumpkins and other things appropriate to the Halloween season. It was a costume party and a delightful time was had by all in attendance, which included, besides the class, the members of the faculty. Refreshments were served in Hallway style.

While this party was in progress the Seniors, Sophomores and Freshmen of the High school were holding a lawn party on the boulevard of Caldwell street. They had expected that the Juniors were to hold their party on the west side and were prepared to interrupt them in the midst of their pleasures, but the Juniors had planned wisely and after throwing out hints that they were to meet in that part of the city, stole away to the other side where they were not molested. The Juniors think they have the laugh on the rest of the students.

## LARGE SALES OF REAL ESTATE

Sinclair Neighborhood Lively in Land Trading—Transfers Aggregate \$110,000—Some Fancy Prices.

Real estate has been active in the neighborhood of Sinclair during the past few days, transfers involving \$110,000 in the aggregate having been made by well known farmers. Some who were sellers in one transfer were the buyers in another, getting land more conveniently located, while others will probably invest in some of the newer states where land is cheaper. The principal transfers which have been made are the following:

Alvin Taylor, who resides in this city at 225 Webster avenue, has sold his farm consisting of 160 acres and located near Sinclair, to James Mahon of that vicinity at \$155 per acre. The farm is highly improved and is one of the best in Morgan county. It has already been rented for next year by William Sewell of Sinclair neighborhood.

James Mahon sold 90 acres to Thomas Harrison at \$155 per acre. Mr. Harrison is one of the most prominent and enterprising farmers of the northeast part of the county and he believes Morgan county real estate is a good thing to own.

Harry Perry, who owned a small farm of a few acres near Sinclair, has sold it at the fancy price of \$178 an acre. This is one of the top notch prices paid for farm land in this county.

Charles E. Davis of Sinclair recently purchased the Jerry Cox farm of about 535 acres southeast of Jacksonville, paying \$125 an acre for it.

## AT COLONIAL INN.

At Colonial Inn Tuesday evening took place the usual fall banquet of the class of '07 of Whipple Academy. From the standpoint of members and class spirit it has already made itself felt in the life of the academy. Through some misunderstanding the other classes of the school were not aware of the banquet, so everything passed off in a quiet manner. Dr. George A. Throop, who is class officer, was chosen toastmaster and the following toasts were responded to in a happy vein:

Salutatory—Clifford Dixon.  
Recitation—Margaret Ayers.  
Class History—Arthur Martin.

## NO DANGER OF WAR.

London, Oct. 26.—Replying to a question in the house of commons by C. W. Belairs, liberal, as to whether there was any provision in the Anglo-Japanese treaty safeguarding his majesty's dominions from becoming involved in war with American on behalf of Japan, Foreign Secretary Grey wrote a reply in which he referred the questioner to the text of the agreement. The foreign secretary added:

"This agreement is of general character, and there is no indication that it is likely to lead to war with any power."

## NINETEEN REASONS

why you should heat your home with a Buck's Royal hot blast heater or ventilator. Glance them over and the many points of advantage this stove has over all others.

It is a soft coal stove which will produce hard coal results. It will reduce your coal bills easily by one-third. It burns all the gases and other combustible matter in the fuel; nothing is wasted. Its hot blast, force draft, features are peculiar to itself and cannot be had in other stoves. It is as elegant and as cleanly as a hard coal base burner.

Let us show you, as we can't do fully here, its many superior advantages. We should be glad to put one in your home on trial, sell it to you outright, or let you have it under our liberal partial payment plan.

Let us show you the stove today.
